

شركة بتروساس للصناعة
Petrosaas Industrial Company

Towards a more sustainable
Chemical Industry..

WHO WE ARE

Petrosaas Industrial company is a chemical manufacturing company and waste oil treating company catering exclusively to the needs of marine industries, tank cleaner, water treatment chemicals, oil field chemicals, power plant chemicals, food industries, metal industries, we established itself as the one of the leading wide range of wholesale chemical manufacturers, suppliers and exporters internationally and local industrial plants.

our foundation contineously invest on research and developement. We consists of an integrated team of administrators, technicians and workers, all of whome follow health and safety guidelines and work in accordance with the guidelines of the Saudi Labour Office and OSHA international standards as an integrated team.

OUR VISION

Petrochemical products are everywhere and are integral to modern societies. They include plastics, fertilizers, packaging, clothing, digital devices, medical equipment, detergents, tyres and many others. They are also found in many parts of the modern energy system, including solar panels, wind turbine blades, batteries, thermal insulation for buildings, and electric vehicle parts. The future of petrochemicals takes a close look at the consequences of growing demand for these products, and what we can do to accelerate a clean energy transition for the petrochemical industry.

Since 2002, Petrosaas Industrial Company has opened its doors to major emerging countries to expand its global impact, and deepen cooperation in petrochemicals , and the growing use of clean energy technologies.

We ourselves have a storage of 15000MT which makes convenient for our operations.

MANAGE AND GROW YOUR CHEMICAL BUSINESS WITH US.

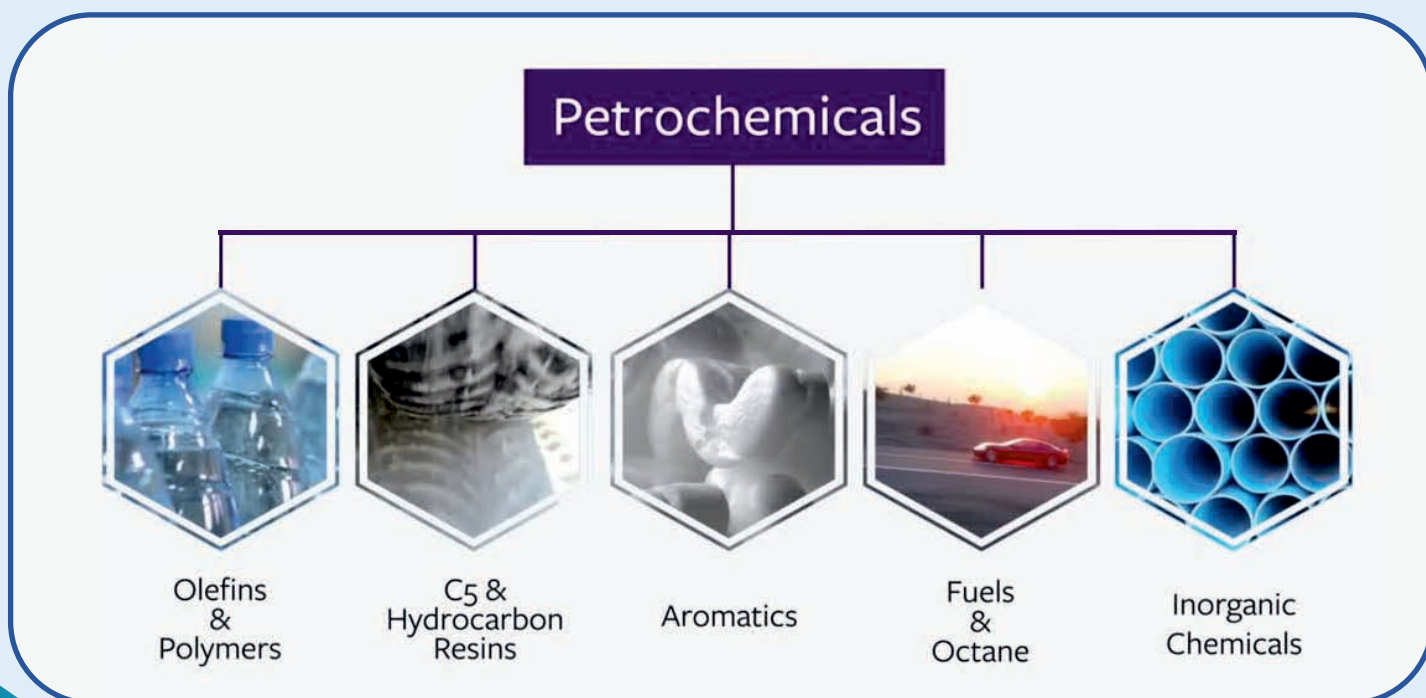

No matter who you are – chemical traders, manufacturers, shipchandlers, water treatment chemical users you can manage your business and profit all in one place. With Petrosaas industrial company, where the possibilities are really endless. We offer more than 2000 chemicals to make it easy for you to grow your business and brand. simply send us your requisition through email to get best quality product on good price. we ourselves have a storage of 15000MT which makes convenient for our operations.

MANUFACTURE OF CHEMICALS AND CHEMICAL PRODUCTS

Our plant includes the transformation of organic and inorganic raw materials by a chemical process and the formation of products as Base Oil, Fuel Oil, Phenol, Gas Oil, PFO, LFO, Aromatic, HPO, Slop oil, mixed propylene glycol..

It distinguishes the production of basic chemicals that constitute the first industry group from the production of intermediate and end products produced by further processing of basic chemicals that make up the remaining industry classes. To assist manufacturing plants in meeting the major challenges , petrosaaas measurement and control products and services and various other solution, along with suggested projects to maximize plant value.

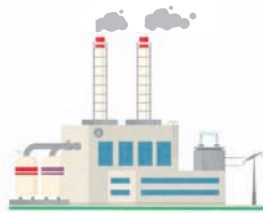

TRANSPORT

With a fleet of late model trucks and tankers which go into daily, weekly and monthly full mechanical and technical check list inspection. Petrosaas can provide an adequate logistics solutions to transport Oils and Chemicals from remote areas and ports to our facilities and then after proper treatment in a safe and secure manner to the distributor.

We have around hundreds trailers for the ISO tank movements in place of the conventional mode of transportation by using 40' flat bed trailers. Trailers are equipped with twist locks to hold the ISO containers and the low CG of the trailer and shorter length (as per the ISO tank) makes it a safe option for the transportation of ISO tanks.
